Conversation In The Disciplines 2018
**Best Use Technologies In Health Care
Education And Practice**

FRIDAY, JUNE 1

8 AM - 4 PM

**CNY Biotech Accelerator
at Upstate
841 E Fayette St,
Syracuse, NY**

The rapid digital evolution has created a wide range of technologies available for use in health care education and practice. There is a great need for end users of technologies in educational and practice settings.

Speakers who are experts in the health care education and practice fields will present sessions.

If you are an educator, a practitioner, or a student who is passionate or curious about using technologies in your teaching, practice, and learning, this conference is right for you.

Free Parking
